# The Decking Range

We stock everything you need to create the perfect deck

To cope with the increased pressure of quoting for cheaper decks, we have come up with a decking that looks exactly the same as our Premium Grooved decking, however it is the same thickness as our ex32mm Smooth decking. The slight saving on thickness has allowed us to offer this deck at a significantly cheaper price. The new decking will be sold as "Trade Deck". It is grooved one side and smooth on the other side so it will now double up as a 125mm smooth deck plank!

Lengths may vary according to availability.

"NEW" TRADE DECK GROOVED DECKING		
4.2m	120mm x 27mm (finished size)	TD42

Fence Stores offer a kerbside delivery service. If the vehicle is invited onto the customers property it is entirely at the risk of the customer and Fence Stores will not be liable for any damage to property. The delivery charge does not cover the driver to carry materials to the rear of a property, however this can be quoted for separately.
