

## How to prepare for your delivery

- Look at the images and sizes below of our vehicles in comparison to the vehicles you see most days on the road.
- Please let us know of any schools or any other facilities nearby in case of traffic build up at peak times.
- Consider any weight or parking restrictions on your road e.g Man hole covers or block paving.
- Keep in mind any overhead cables, overhanging trees and parked vehicles that may restrict access when unloading materials with the crane lorry (we cannot lift materials over vehicles).

### Our Standard Delivery Vehicle 26t HGV crane vehicle

### Restricted Access Vehicle 3.5t flat bed truck

## Be ready on your delivery day

- Please be aware that we are a front of house delivery service and goods will be unloaded in a secure area within 6 metres of the vehicles parked position. If there is no suitable area, the customer will be responsible for transporting the goods to a safe storage area.
- Ensure you have a clear spot for the goods to be delivered.
- Your delivery date will be found on your invoice as discussed with the salesperson prior. If you are unaware of your delivery date, then please feel free to contact the office you placed the sale with.
- Thank you in advance for any of the above information given, we hope to make your purchase and delivery as smooth as possible!

Kind regards,

The Fence Stores Team
